

ARE YOU AWARE OF YOUR PARTICULAR BLESSING? DO YOU SHARE IT?

For some reason, our culture in America today is leaning heavily towards selfish gratification rather than personal-getting-along with those around us who may be different, but, are still worthy of our attention.

Have you ever tried to qualify, or to justify that we all have a difference about us that should be noticed and appreciated by others?

For several generations, good Americans worked (we will say "diligently") to learn all that they could about cultural differences, and to practice a willingness to try and understand those differences, and learn how to live with them. Us, with each other -- as it were!

What has slowed that down? The political world (counting all of the new methods of what we carelessly refer to as "communication") -- along with the vast and influential entertainment world (including sports of all kinds). have brought about a system whereby most of us are encouraged and influenced to "join" and "be a part of" that which is SUPERFICIAL!

Not too long ago, our parents and grandparents taught

us to be "civilized" towards others, but never fail yourself in the process. In other words, as we frequently point-out in this column, The Good Lord (in His wisdom) gave us all, and each of us, a talent and the ability to use it, should we so choose to do.

The ability to choose is such a responsibility to many of us, that -- in our weakness -- we don't even try to find our TALENT, let alone, try to use it for the good it can do.

Furthermore, we are influenced (greatly) by those in our "dollar-loving" society, to remember the old adage that "charity begins at home!" So many of us take advantage of that "choosing" that The Good Lord allowed us, and we choose SELF ("charity") ahead of most everything. Our culture and the harsh world, both contribute to our failings in the SELF-department.

The ability to choose -- given to us by The Lord Himself -- has allowed us to join a growing-number of selfish individuals who -- because of great and numerous personal blessings -- individually seem to gravitate towards a desire for "MORE of the riches that we see as man-made" instead of our having a grateful appreciation of what The Lord has bestowed upon each of us.

The American Congress Has Overwhelmed ITSELF!

Do those in The U.S. Congress think that the American people do not know that they are failing us at every turn? The President has "guts"! The Congress (apparently) has either NONE, or not any that SHOW, and will help and matter to The People!

How long must THE PEOPLE put up with nonchalance and egotistical slobbering from those that WE PUT in Congress to "take care of business?" **MAKE A DIFFERENCE!**

The American people -- at least, NOT The American people that we have come to know, trust, and love -- do not expect miracles from those they ELECT. They expect EFFORT, SERVICE, and LOYALTY. They are getting not-much-to-NONE from the very same body of government that has brought our country through all manners of challenge, doubt, and confrontation -- thick and thin!

WE SEEM TO BE electing the WRONG people, folks! They seem totally ineffective and unbalanced (for serving The People) and it certainly looks as though WE, THE PEOPLE, are going to have to MAKE IT RIGHT! Too much sloven begats slovenly!

How long can The People of the United States of America survive without a WORKING Congress to go along with an EFFECTIVE President? We are burning daylight, and losing ground!

As strong as our economy appears today, and as many things as we have going seemingly "in our favor" (in spite of the confusion-factor), we should be MAKING HAY while the sun shines. Why are those we have elected to DO JUST THAT -- failing so miserably to WORK daily, on behalf of The People?

Arguing superficially about GOSSIP and FOOLISHNESS is beneath the dignity and the potential that we expect from a governing body that has functioned for more than 200 years. It really gets down to a point that says: "EITHER WORK FOR THE PEOPLE -- OR GET THE HELL OUT OF THE WAY!"

Do we have any MEN with that kind of GUMPTION, anymore? Or must we be satisfied with a bunch of WOMEN (please pardon our indiscretion) whom (it seems) do not understand what LEADERSHIP is all about? They are not made for it! We have tolerated mixed definitions of what the sexes are (for example), and we are anchored and befuddled by the turn of events that we have allowed to be brought about today. STUPID IS, AS STUPID DOES! We need MEN OF GOD and GOOD-WILL . . . working!

Personally, Yours. . . (A Totally-Ridiculous Missed-Opportunity!) CONGRESS: No More Soup For You Guys Unless You Get On The Ball, And Represent!

My comments on this page this week -- on the U.S. Congress -- are meant to STRIKE-A-CHORD! Anyone who has been observing The Congress for any length of time, understands what OI' Tuck is calling for. It is a "CALL-TO-ARMS," so to speak, and it is meant for every living soul in America, who believes in our God, our country, and our way of life! GOD bless, America!

For way too many days, weeks, and now months, The People have accepted very little effort For The People, from this American Congress. They have acted with a lack of strength and purpose, the likes of those of us living today, have never seen, or hope to see!

We, The People, are being sham-rocked, hijacked, and ridden way too hard by a bunch of ELITISTS, most of whom do not know the meaning of the words "Here we rest!" "God is our co-pilot," or "Did you ever work a day in your life?" You are paid WAY TOO MUCH! Go To Work!

See! They don't care what you think? They have become so jaded in their "high" positions that -- even if they were so inclined -- they don't have the time (nor the courage) to care for us mundane and simple second-class PEASANT citizens. Their brains are TURNED-OFF!

The Congress needs a big-time SHAKE-UP, and we need to let the political element in our country know-- ONCE-AND-FOR-ALL time, that WE, THE PEOPLE will not tolerate the kind of crap that has been going on in OUR Congress for now, way too long! Shake 'em up!

The members of Congress -- supposedly representing YOU, and I, and a few MILLION others -- MUST within a very short time, begin to do just that: REPRESENT LEGAL AND LAW-ABIDING AMERICANS, who expect nothing more from them than AN HONEST-DAY'S WORK, for the luxurious salaries and perks that they get. We said "HONEST!"
